There are now 160 Corps | with a total membership of more than 10,000 members, of which 1,276 are sufficiently skilled in the work to act s examiners. Among the outstanding levements of the Red Cross in this eld during the last year was the ornization at the United States Naval cademy, Annapolis, of what is perhaps the largest life saving corps in the world.

Pueblo Most Serious By far the most severe of the disasters in the United States during the period covered by the Red Cross report was the Pueblo flood early in June, 1921. The rehabilitation problem confronting the Red Cross in-Pueblo was one of the most difficult in recent years. When the first news of the horror was flashed throughout the country, the American Red Cross Vational Headquarters responded with a grant of \$105,000 for relief work. Governor Shoup of Colorado, appreclating the long and successful experience of the Red Cross in organizing disaster relief work, placed the entire responsibility for the administration of relief in its hands. In response to appeals from Pres!dent Harding, Governor Shoup and other governors of western states and through local chapters of the Red Cross and other community organizations, public-spirited citizens brought the total contributed for Pueblo's rehabilitation to more than \$325,000. The terrible havoc wrought by the. flood waters is a matter of record. More than 2,300 homes were affected

by Red Cross officials in charge of the Fast Work in Wall Street The Wall street explosion was notable in that relief workers of the Red Cross were on the scene twenty minutes after the disaster occurred. The race riot at Tulsa also was unique in disaster relief annals in that outside of a small emergency relief fund contributed by the Red Cross, the only relief measures outside the city consisted of the service of social workers, nurses and a trained executive whose object was to assist local forces in directing their own efforts. In decided contrast with the previous year, only one tornado assumed the proportions of a major disaster.

WILLCOX MEETS TRAGIC DEATH IN CITY EUFAULA Eufaula, Ala., Dec. 3.-J. S. Wilcox, 62 years old, of Bir mingham, state agent of the Mutual Life Insurance Company, was found dead early this morning under circumstances indicating murder. Mr. Wilcox arrived here ias night on the 8 o'clock train from Birmingham. Bruises on his head and throat indicated that he had been struck with a heavy object and choked. The body was found on a bluff about four blocks from the heart of town. A coroner's jury was summoned to investigate the

One Arrest is Made Anna Lee, negro woman was arrested, charged with being implicated in the killing of Mr. Wi. cox son after the jury began its prote of the killing. The jurors made a trip to found.

Shortly after the body was found Anna Lee, negro woman was placed under arrest in connection with the crime. Evidences of a life and death struggle were found is the front porch and in the front yard evidence that the body was dragged a distance of about 75 yards to the place where the body was found. Death by Choking

Physicians who examined the bo dy testified before the coroner' jury that death was caused by choking. A blow on the head above the right eye was not considered sufficient to have caused death. Blood on the dead man's clothing was from his assailant in the opinion of the physicians, as no evidence of bleed ing on the part of the victim was

Robbery was thought to have bee a possible motive for the killing as the dead man's bill folder was i one of his trouser's pockets, however er, and his watch and diamond ring on the body when found.
